udemy courses, Online

Jan 2024 - Jan 2024

Web Development

udemy, Online

Dec 2023 - Jan 2024

Video Editing On Wondershare Filmora

udemy, Online

Nov 2023 - Dec 2023

"I possess comprehensive video editing skills with a strong command of industry-standard software, including Wondershare Filmora and Capcut. With 2 years of hands-on experience, I have honed my abilities in organizing and managing media assets efficiently. My work extends to cutting and sequencing footage to craft compelling narratives with a keen eye for timing.

I am adept at applying a variety of transitions, effects, and color correction techniques to enhance visual appeal and maintain consistency. Additionally, my proficiency in audio editing ensures a seamless integration of sound

elements, from adjusting levels to synchronizing audio with video for a polished final product.

Public Speaking

udemy courses, Online

Mar 2023 - Mar 2023

The correct knowledge of public speaking leads us to gain confidence and be innovative to wait is said. One should do public speaking in such a way that the words get hit by people in such a way that they remember it for the lifetime.

PROJECTS

Interactive Profile

May 2024 - May 2024

https://drive.google.com/drive/folders/1_P4VMI1Ezqo1UU_BT4thp-WEj-MWK9a?usp=sharing

This project creates an interactive profile page using HTML and CSS. It includes animations to make the profile engaging and dynamic. The design is visually appealing and user-friendly. This project is great for practicing web design and animation skills. It showcases how to enhance a profile page with smooth animations.

Age Calculator

Apr 2024 - Apr 2024

<https://drive.google.com/drive/folders/1VayXAsxhMgJm5q8avD17K3IPjc8gvSha?usp=sharing>

The Age Calculator is a web application built with HTML, CSS, and JavaScript to determine an individual's age from their date of birth. It accurately calculates the age in years, months, and days, accounting for leap years and varying month lengths. The intuitive interface ensures a seamless user experience, making it perfect for personal use, event planning, and age verification. This project offers a reliable and quick solution for anyone needing to calculate age precisely.

Instagram logo

Apr 2024 - Apr 2024

<https://drive.google.com/drive/folders/1CWJelhgGGeB5sKBK30wnYVfv2yufJkAH?usp=sharing>

This project recreates the Instagram logo using HTML, CSS. It carefully matches the design details to look just like the original logo. The project is a great way to practice front-end web development skills. It shows how to use web technologies to create a familiar and stylish logo.

Youtube logo

Apr 2024 - Apr 2024

<https://drive.google.com/drive/folders/1-vOpusnAFiso7itRrFXiqZ7NMi5MIN?usp=sharing>

This project recreates the YouTube logo using HTML, CSS. It accurately matches the design of the original logo. The project is a great way to practice and improve front-end web development skills. It demonstrates how to use web technologies to create a well-known and recognizable logo.

Netflix logo

Mar 2024 - Mar 2024

<https://drive.google.com/drive/folders/1PmkVx1aRPKhUqzTh2LTD68kvwHMwSqiN?usp=sharing>

This project recreates the Netflix logo using HTML, CSS. It carefully matches the design to look just like the original logo. The project helps practice front-end web development skills. It demonstrates how to use web technologies to create a well-known logo. It's a fun and educational way to learn web design.

Google Logo

Feb 2024 - Feb 2024

https://drive.google.com/drive/folders/14MqCoJut_iU6LEN6AVzOQEeDm5PXxYv4?usp=sharing

This project recreates the Google logo using HTML, CSS. It precisely matches the colors and design of the original logo. The project helps improve front-end web development skills. It shows how to use web technologies to create a well-known logo. This is a great way to practice and learn web design techniques.

Rotating Chrome logo

Jan 2024 - Jan 2024

https://drive.google.com/drive/folders/1F4LhhyadhDhIFCZOVbbflll2voP5_qQ?usp=sharing

This project recreates the Rotating Chrome logo using HTML, CSS. It precisely matches the colors and design of the original logo. The project helps improve front-end web development skills. It shows how to use web technologies to create a well-known logo. This is a great way to practice and learn web design techniques.
